SOME CIVIC AFFAIRS

WERE DISCUSSED LAST EVENING

Robertson Hall Crowded Last Evening to Hear Discussion of the City Affairs.

The citizens turned out in force to the public meeting in Robertson's Hall last evening to discuss civic affairs. The hall was full and many unable to obtain vacant chairs stood during the evening in the entrance and on the stairs. At eight o'clock Mayor MacKenzie opened the meeting and invited the city aldermen to take seats on the platform. Seven of them complied during the evening. Ald. Fraser who came in late remaining in the audience. His Worship announced the meeting open and sat down and for some time it looked as if the game was to go by default. Then some one wanted to know who had petitioned for the meeting. The mayor did not remember all the names, but knew that the first was that of Mr. A. Brown. He accordingly asked this gentleman to address the meeting.

MR. A. BROWN

Mr. Brown said the call was not unexpected as he had been told during the week by the mayor that he would be called on. He had several questions to ask the council about civic affairs for the purpose of information.

In the first place he thought that the commissioners were all office men and that this should not be. The public works commissioner should be city engineer and lay out the city sidewalks.

He had written the council in February about opening a street in the east end. The letter had not been answered for over two months. He read the letter and reply.

He would like to know why the lots bought by the city in the tax sale of 1896 were not sold as the city would thus receive the price of them and taxes annually.

He objected to importing officers. If the mayor resigned would the city go to Winnipeg for a successor?

Referring to the auditor-secretary treasurer till the speaker said it was no sin for the auditor to say how the books should be kept but he had been fired for suggesting changes in the method employed.

He had noticed in the papers some time since a notice of motion from Ald. Doyle re the telephone system and its extension. He wanted to know what had become of the \$10,000 which the council were authorized to borrow for this purpose, over the purchase price of the system.

It appeared to him that there was a lumber combine on, as all the tenders had been the same.

He also wanted information as to whether the negotiations with the G. T.P. had been completed.

In conclusion he congratulated the fire department on the good work they had done during the day.

MAYOR MACKENZIE

In replying Mayor MacKenzie said the sidewalks were constructed on the same plan as in previous years and it was only a question of detail whether the walk should rise and fall with the rolling ground or be carried on a dead level.

He the widening of boundary avenue. When the council came to take up the matter they found it would be necessary to arrange for widening the street throughout the length, not only for the distance indicated by Mr. Brown. Negotiations were accordingly protracted owing to the larger number of owners to be dealt with.

Regarding the sale of lots owned by the city, Mr. Brown had been a member of the council for two years after the lots were purchased and had a chance to have them sold.

Regarding the appointment of the chief of police he had no apology to make. The commissioners had tried to discharge the duty placed upon them by the charter to the best of their ability.

The \$10,000 surplus was still available for telephone extension when required, but the rapid changes now being made in the telephone made it a problem what kind of a system should be installed.

As to the lumber tenders the commissioners had had no discretion as to when the tenders were to be opened. He assured the audience that the G. T.P. agreement had not been lost sight of and read a statement of the present condition of the negotiations.

GOOD AGENTS FOR THE
Oliver Typewriter

IN ALL

UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

THE GRANT TO REGINA.

In announcing that the North West Government would make a grant of \$8,000 toward the Regina celebration on July 1st Premier Haultain was careful to say that the grant was given to enable the Territorial capital to make a suitable celebration on the occasion of the passing of the "Old Regime", not to assist the celebration of the establishment of the new province of which Regina is to be the capital. The Regina demonstration is according to Mr. Haultain to be rather of the nature of a funeral than a christening, though it is to be trusted that neither the spirit nor the program of the day will in any measure fulfill the analogy.

MR. OLIVER'S OPPORTUNITY.

Toronto Mail and Empire:
Mr. Frank Oliver is returning to Ottawa after having been endorsed as Minister of the Interior by his constituents at Edmonton. Now that he is entering upon his official duties, it is fair to say that much in the way of reform is looked for at his hands. As a private member Mr. Oliver gave evidence of a spirit of independence on several occasions.

The country looks to Mr. Oliver to take prompt action with this bureau and to restore the confidence formerly reposed in it.

Compliments from opponents are always to be treated with outward courtesy and inward doubt. But if the Mail and Empire means to insinuate that the North-West looks for or longs for the restoration of anything analogous to the condition of affairs which existed here previous to the administration of Hon. Clifford Sifton, then the judgment of that journal is about as far as sea as usual.

McLEAN TAKES THE SIDING.

For several weeks W. F. McLean, M.P., Toronto, amused himself challenging the Government to open a constituency and see what would happen to the autonomy bills. When the Edmonton constituency was opened Mr. McLean, after melting the wires between Toronto and Edmonton, trying the find either encouragement or a candidate, backed up a couple of ears and said he meant an Ontario constituency and that he would be willing to run in that province. Apparently someone has given William F. another jolt and, by means of his paper, the Toronto "World," he retires to the siding and leaves the Ontario line clear for other aspirants. A Toronto despatch of May 4 says:

Discussing the rumor that Hon. Chas. Hyman, who has been acting minister of public works during the late Hon. Jas. Sutherland's illness, would probably succeed to the portfolio, "The Toronto World" does not believe the seat will be in jeopardy to the government if a by-election is held. "The paper this morning says:

"London is a fairly close constituency but with distinct Liberal leanings, and if the government's educational policy finds approval in any part of Ontario it should not be difficult for Mr. Hyman to secure a verdict for it in London."

The Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, or 160 acres, more or less.

ENTRY.—Entry may be made personally in the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) or any person who is eligible to make a homestead entry under the conditions of the Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land

owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3 or 4, must cultivate 30 acres of his homestead, or substitute 20 head of stock, with building for their accommodation, and have besides 80 acres substantially fenced.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law, is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Land Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

W. W. OORY,

Deputy Minister of the Interior,

N. B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable land are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

SOME CIVIC AFFAIRS. Continued from page one

ALD. CLARK

Ald. Clark was then called on to discuss the auditor question. He went into the matter briefly and proceeded to the lumber tenders. He showed that the local tenders were lower than those from B.C. and argued that the local men should have the preference over other things being equal.

This led Mr. Brown to rise and interject that Ald. Clark had one policy for engaging a chief of police and another for the lumber companies.

Mr. G. Gardiner wanted to know what about the comparative qualities of the lumber offered for the money. Ald. Clark said he considered spruce as good as tamarac for sidewalk purposes.

THE MAYOR.

Mayor Mackenzie then rose to reply to Mr. Brown's query about the duties of the commissioners. He said that all public works originated in the office. The season was early yet and if by the middle of the present month work was under way on the water and sewer systems, the snowplow sidewalks, and are lights, he thought the commissioners would not be doing badly.

MR. DAWSON.

Mr. H. J. Dawson wanted to know when the water and sewer systems would be extended along Fifth street west. He had bought property there on the word of the former town engineer that the systems would have been installed this year.

Mayor Mackenzie was sorry he could not inform Mr. Dawson when the work would be done. The extension in system had been adopted for purposes of economy and sanitation. He did not see any reason why the extension desired should not be made next year.

Mr. Dawson did not consider this an answer and said so and the discussion became general and animated, winding up without any definite information.

Mr. A. W. Taylor wanted to know by what authority the council had interfered with the fire limits set forth in the by-law. He was informed.

THE STREET RAILWAY.

A popular demand for information about the street railway brought Mr. J. H. Kennedy, solicitor for the company to the surface. He did not admit that the ratepayers had any right to demand information from

a private company, but was happy to be able to give some information on the matter. He said that the claim that the street railway scheme had been formed merely as a means of selling property on a certain estate was proven false by the fact that that property had been taken off the market. He had information to the effect that material for the road was now on the way from the east. From the first it had been a bona fide enterprise.

ALD. BOYLE.

Ald. Boyle was the next speaker and went somewhat exhaustively into the history of the present council, touching on the disputable matters. He attributed much trouble to the charter and thought it should be amended to make the responsible body the authoritative body.

ALD. MAY.

Ald. May spoke briefly. He said he felt sore at the appointment of an outside man for chief of police. Though chairman of the license and police committee he had not been consulted in the matter.

COMMISSIONER KINNAIRD.

Mr. Kinnaird rose in reply to a call. He said the city had sold some 110 lots about two years since and had now on hand only a few lots.

ALD. PICARD

Ald. Picard was not satisfied with the commissioner's arrangement of the charter. He thought the commissioners should recommend certain actions to the council, and the council have the power to accept or otherwise. He understood that last year the city was charged \$18 less 2 per cent for lumber, which was sold to contractors for \$18 less 7 per cent. He had voted to have lumber this year bought by tender.

He had voted to dismiss the auditor because he thought it better to part when there was trouble in the family.

Ald. Griesbach briefly discussed the points which had come up during the evening giving his reasons for his attitude.

Ald. MacLeod said he had supported the commissioners in the appointment of the chief of police because he thought they were in a better position to judge the applicants than others. All the aldermen who were not lumber dealers had voted for tenders to be recalled when the first lot were opened.

Ald. Fraser interrupted to say that he had voted for the motion too.

The meeting adjourned without passing any resolutions.

The meeting throughout was orderly, though by no means slow to applaud or laugh sarcastically or otherwise. The speakers were all accorded a good hearing and the best of humor prevailed.

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the North-West Territories and the Yukon Territory.

Coal.—Coal lands may be purchased at \$10 per acre for soft and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2800 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding the miners' certificates may obtain entry for mining locations. A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$750 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1500 by 1500 feet by marking out the same with two legal posts bearing location notices, one at each end of the line of the lode or vein. The claim may be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.00.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof.

When \$500 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements purchase the land at \$1.00 per acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 100 acres.

The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer Mining. Manitoba and the N. W. T. excepting the Yukon Territory.—Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or beach, the former being 100 feet long, and extending between high and low water mark. The latter includes bar diggings but extends back to the base of the hill or bank but not exceeding 1500 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T. excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each, for a term of twenty years

renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have or who may receive entries for bar diggings on bench claims, except in the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease, one dredge for each fifteen miles or fraction, will be sufficient. Rental \$10 per annum for each mile of the river leased. Royalty at the rate of two and a half per cent, collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted as a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the first day of August, in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from each date. Rental, \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty same as placer mining.

Placer Mining in the Yukon Territory.—Creek, gulch, river and hill claims shall not exceed 350 feet in length measured on the base line or general direction of the creek or gulch, the width being from 1000 to 2500 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days, if the claim is within ten miles of a mining recorder's office. One extra day allowed for each additional ten miles or fraction. The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1500 feet in length, and if the party consists of two, 1500 feet altogether, on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee, \$10. Royalty at the rate of two and one-half per cent, on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notices and paying fee of \$2.00. A claim may be

abandoned and another obtained on the same creek, gulch or river by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$500.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made, and publishing notice in the Yukon Official Gazette.

Hydraulic Mining. Yukon Territory.—Locations suitable for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for twenty years, provided the ground has been prospected by the applicant or his agent; is found to be unsuitable for placer mining, and does not include within its boundaries any mining claims already granted. A rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent, of the value of the gold shipped from the Territory are charged. Operations must be commenced within one year from the date of the lease, and not less than \$5,000 must be expended annually. The lease includes all base metals, quartz and coal, and provides for the withdrawal of unopened land for agricultural and building purposes.

Petroleum.—All unappropriated Dominion lands in Manitoba, the North-West Territories and within the Yukon Territory, are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres. Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

JAPANESE WARSHIPS

SIGHTED NEAR HONG KONG.

French Authorities Trying to Keep the Second Squadron on the Move—No Notice Yet Served on Russia.

Paris, May 9th.—The Russian Pacific squadron has left Koughai. This follows the efforts of the French authorities to keep the squadron moving. No destination given.

St. Petersburg, May 9th.—The foreign office authorizes the following statement: "France has not transmitted to Russia the new Japanese protest against the French neutrality."

Amoy China, May 9th.—Vessels arriving here report sighting Japanese warships between here and Hong Kong. Japanese scouts appear off this port every night. A line of Japanese scouts are around the south of Formosa and another line reaches out into the Pacific from northern Formosa.

TWO FIRE CALLS

AT THE SAME TIME YESTERDAY

Prompt Work of the Fire Brigade Resulted in Averting Gravest Danger in City's History.

The business section of the city had two narrow escapes from the fire fiend yesterday afternoon. About three o'clock the alarm called out the brigade to extinguish a blaze in the rear of a restaurant east of the Queen's hotel. The fire was located in an out-house, and this with the adjacent fences made splendid food for the hungry flames. When the firemen reached the scene the flames were leaping high in the air and were carried by the strong wind towards other buildings easily within reach. Water was got on quickly however, and in a few moments the danger was past.

While the men were fighting this fire the alarm was rung in for another in the grounds of the high school. The hose wagon took a detourment in hurry-up fashion to this spot, where a fire, apparently originating in an ash heap, had caught in the dry grass and was spreading rapidly toward the neighboring fences and buildings. Fortunately too, this was taken in time and was easily extinguished.

The prompt and efficient work of the brigade was the subject of fitting comment at the public meeting last evening and undoubtedly saved the city from the worst fire in its history. Each of the fires was located in the rear of a long row of frame business blocks fronting on Jasper avenue and toward which the flames were driven rapidly by a terrific wind blowing across the valley from the southeast. A few moments' delay or any of the unfortunate accidents which are liable at times to demoralize or hinder a brigade would have left a block of smoldering ruins in the heart of the business section.

A "CLEAN UP" CAMPAIGN

The city police are after the different business houses trying to get them to clean up their back yards and alleys, which is something that anyone coming down Jasper avenue the past few days will concede is badly needed. The high wind has caused a stampede of loose paper which persists in parading Jasper and frightening horses to say nothing of the inconvenience to which pedestrians are exposed. If all the different firms would see to it that their own premises were free from refuse of every kind the difference in the city's cleanliness would be quickly noticed.

WILL COMPLETE LINES THIS YEAR.

Mr. Stovel, the right of way agent for the C. N. R., left for Winnipeg this morning. Mr. Stovel drove over the proposed route of the Canadian Northern in company with Mr. R. McLeod, chief engineer of the company, from Battleford to Edmonton. They say that the road will be completed into Edmonton by the fall as everything is progressing very favorably.

Free Gifts of Toilet Soaps

Use SUNLIGHT SOAP and SAVE THE COUPONS.

The Coupons are the same as cash because they can be exchanged for Toilet Soaps for which you have to pay out money every week.

Users of SUNLIGHT and CHEERFUL SOAPS can get their TOILET SOAPS for nothing.

Ask your grocer for particulars or write us for Premium List.

A gift is of little value if it consists of something you have no use for.

In exchange for Sunlight Soap Coupons you can get something you need and use every day.

THE ALBERTA OIL FIELDS

From Hardware and Metal.

An oil expert from Pennsylvania, who was sent to make a report on the oil wells near Egg Lake and Oil City, Alberta, was interviewed in St. Paul, and is reported to have said: "This is the greatest oil find the world has ever known. Not half the country has been prospected, but we know it covers a territory over 100 miles square. It may be three times this area. Oil of the highest quality ever discovered is now gushing from the earth in the Canadian North West. Practically all the country to the north of Montana is one vast oil well. In the extreme southwestern section of Alberta, 5 miles from the American boundary line, a thriving town has sprung up within the past few weeks, populated almost entirely by oil prospectors and those interested in the development of recent discoveries. The valley in which these wells lie is described by geologists as an enormous crevice, caused by a volcanic eruption cutting the formation of the Rocky mountains and forming a basin into which the oil has seeped until it has formed enormous lakes underlying the rock formation at a depth of 1,000 feet. The oil is said to have been made by the distillation of large coal bodies lying to the north. The discovery was made by a farmer, who gathered oil on the surface and sold it to his Mormon neighbors. Both the Canadian Pacific and the Great Northern railway systems are building branches to Oil City. Farther north it is the same story. Oil and gas are gushing from the ground. Town after town reports the discovery of oil or gas, and it is expected that within a few months Egg Lake will be the centre of the largest oil field the world has ever known. To the north of Oil City for a distance of a thousand miles oil exists in vast quantities, and for the past year or so prospectors have covered the country, boring and striking oil and then plunging the 'bone holes' to keep the matter as quiet as possible."

An Assiniboia Dynamiter.

Roche Perce, Assn. May 2nd.—(Special)—A dynamite outrage partially successful was attempted here last Wednesday night, when some desperate individual tried to blow up the buildings of the Roche Perce Mining company. The dynamite was discovered before he had time to properly execute the plan of igniting the box in which the explosive was placed and this it is believed saved the works from complete destruction. About 10 o'clock that night William Sutherland who is manager for the company had occasion to go outside his house and noticed a man stooping beside one of the company's storehouses, apparently lighting something. The manager approached, whereupon the man ran away. A hurried investigation disclosed the fact that he had ignited a fuse about a yard long, which was connected with an iron plate, evidently the cover of the box filled with explosives. The manager partially disconnected the fuse, but was afraid to remain long enough to complete the work of tearing it off entirely. He ran away to a place of safety and none too soon either, for a few moments later a frightful explosion occurred, partially wrecking the storehouse. The fire which resulted was extinguished before very serious damage was done. The reason for the attempted outrage is not apparent nor has the identity of the desperado who tried it been discovered. Sergeant Flatt of the Mounted Police is now making an investigation and hopes to effect an important arrest in connection with the deed. It is believed that had not Mr. Sutherland discovered the man when he did, the whole works would have been blown up and several people killed, as the miners who are employed on the works sleep near the place where the fuse was ignited. Since the attempt, strict patrol has been maintained around the mines and every effort is being made to bring the culprit to justice. Roche Perce is not far from the United States border and it is suspected that the man who tried the desperate act is from the other side.

MARTYRDOM DESCRIBED

Kingston Man tells how he Suffered and How he was Released.

"For years a martyr," is how Chas. H. Powell of 105 Raglan Street, Kingston, begins his story. "A martyr to chronic constipation, but now I am free from it and all through the use of Dr. Leonhardt's Anti-Pill." Many who are now suffering from this complaint will be glad to learn from Mr. Powell's story that there is hope for the most stubborn case. He continues: "I was induced to try Anti-Pill by reading the testimony of some one who had been cured of constipation by it. I had suffered for eighteen years and had taken tons of stuff recommended as cures but which made me worse rather than better. Doctors told me there was no cure for me." Dr. Leonhardt's Anti-Pill is for sale by all Druggists or by The Wilson-Pyle Co., Limited, Niagara Falls, Ont. Mr. Powell will verify every word of these statements.

EDMONTON ALTA. CANADA

POPULATION 7,500

CITY GOVERNMENT:

Mayor, K. W. MacKenzie; Aldermen, C. May, K. A. McLeod, W. H. Clark, D. R. Fraser, J. R. Boyle, T. Bellamy, J. H. Picard, W. A. Griesbach.

Sanitation:—Waterworks, sewer system, telephone system, electric lighting system, all owned and operated by the city.

Board of Trade:—President, A. B. Campbell, Vice-President, A. T. Cushing, Secretary, F. T. Fisher.

Educational Institutions:—Public and separate schools, high school, Alberta College.

CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist, Baptist, German Baptist, Lutheran, Salvation Army.

TRAIN SERVICE:—Leaves for Strathcona 7.45 and 15.30. Arrives from Strathcona 9.15 and 10.50.

LOCAL

—Train on time.

—Frost—Fresh and strong winds. Showery tonight and Wednesday in nearly all localities.

—The Choral Society contemplate giving the oratorio "Redemption" in about a month.

—Dr. Smith will lecture in the Baptist church tomorrow evening, on the subject "Gibson."

—Groups of men were to be seen on every street corner this morning discussing the public meeting held last night.

—V. L. French, editor and proprietor of the Wetaskiwin Times was married on April 25th to Miss Eva Cooper, Clinton, Ont.

—The junior baseball club organized tonight in the Richeieu hotel. The meeting was called for eight o'clock.

—Edmonton and Strathcona lacrosse teams play in Strathcona tonight at 7 o'clock. (No admission will be charged and a large attendance is expected.)

—The Perfect Clothing Co. moved yesterday into their new and commodious quarters in the building recently erected by Messrs. Blower and Hertz opposite the Bank of Montreal.

—Engineer McLean is advertising for tenders for the laying of the water and sewer pipes of Strathcona new extension. Tenders will be received for the work in sections or as a whole, and will be opened on May 23.

—Wetaskiwin Times: We regret to hear that Mr. and Mrs. H. H. Mills will be leaving Wetaskiwin next week and intend making their home at Edmonton. They will be missed by a large circle of friends and especially on Sundays at the Wesleyan church, where they both took prominent parts. Mrs. Mills usually presides at the organ.

—The ladies of the Hospital Aid will hold a cooking sale at Mr. Hall's confectionary store this Saturday, May 14th. There will be sufficient food to supply all customers. Any one who will be willing to supply cooking things do so as it will be impossible to personally solicit. All ladies are requested to patronize this charitable undertaking. Sale begins at 1 o'clock.

—Wetaskiwin Times:—Two little boys, 10 and 11 years old, were charged before Messrs. Rosenroll and Mills, the presiding magistrates at the city hall on Saturday morning, with stealing, and as they had been punished before for a similar offence, they were sentenced to three months imprisonment at Fort Saskatchewan. The sentence, however, was conditional, that they be severely punished, attend school and behave themselves. The mothers of the boys were in attendance having been summoned there. As a good many articles have from time to time been missed from the school money included, the management intend to stamp out this evil and quickly.

Mrs. A. M. Stewart will not receive the second and fourth Wednesday of this month.

CRICKET.

At a general meeting of the Edmonton Cricket Club last evening, W. Richardson was elected captain and H. R. Boyes Vice-Captain for the ensuing season. Mr. Jones was elected to the vacancy on the committee.

A return match "Married vs. Single" will be played on the exhibition grounds on Friday next the game commencing at 11 a.m. sharp. Lunch on the grounds.

BASEBALL ON ARBOR DAY

Fort Saskatchewan plays base ball here on Arbor day. It is reported that the Fort has a new pitcher whom they brought in to play this season. If this is the case the game next Friday should be an interesting one.

Superfluous Hair

Removed by the New Principle

De Miracle

It is better than electricity, because it does not scar or produce a new growth. Better than X-ray, because it does not burn, scar or paralyze the tissues under the skin. Better than depilatories, because it is not poisonous; therefore, it will not cause blood poisoning, or produce eczema, which is so common with depilatories, and does not break off the hair, thereby increasing its growth.

Electrolysis, X-ray or depilatories are offered you on the bare word of the operators and manufacturers. DE MIRACLE is not. It is the only method which is endorsed by physicians, surgeons, dermatologists, medical journals and prominent magazines.

DE MIRACLE will be mailed to any address, sealed in plain wrapper for \$1. Your money back without question if it fails to do all that is claimed for it.

Our booklet—the most complete treatise on Superfluous Hair ever published—containing the testimonials of numerous physicians and surgeons and those of hundreds of others—will be sent free, in plain, sealed envelope, upon request. Write for it to-day to DE MIRACLE CHEMICAL CO., 23 QUEEN STREET WEST, TORONTO, ONT.

A visit to our second flat will not only pay you, but will be a pleasure and comfort to you.

WALL PAPERS.

Our stock is still complete and we can fill any order entrusted to us at once.

Hudson Bay Company

Grand

Spring Opening

Our new stock is now complete in all lines. By buying directly from manufacturers we can confidently compare prices with any house in Canada, mail order or otherwise. Why send away money when you can see the goods before you buy? Bring along your catalogue and satisfy yourself.

We sell only for cash; this enables us to buy for cash, which certainly places us in a position to outsell all competitors, who still stick to the credit system. Our stock has been re-modelled throughout, better lighted, and selling facilities increased in every way. We make it a point to look after the convenience of customers. All parcels will be delivered at once, or, if you live in the country, the goods will be carefully packed so that they can travel any distance.

We handle the Salem shirt for men. The patterns and styles are elegant. If you want to see the newest out see these.

We also sell the Salem and Victor shirts for ladies. They are all full sizes and the fit is perfect.

See our ladies' skirts before you buy elsewhere.

The highest prices paid for potatoes, butter and eggs.
